

APPLICATION FOR CONTROL EQUIPMENT CLASS 5 CAPABILITY CERTIFICATION (NZ/AS 2201.1:2007)

I hereby apply for Class 5 Capability certification of our Control Equipment with respect to AS/NZS 2201.1:2007

Name Position

Organisation Postal address

..... Suburb Postcode

Phone Mobile Email

Detail Equipment to be Certified:

I agree to ensure that a completed copy of the ASIAL Control Equipment Pre-Certification Checklist, along with all required documentation and relevant information are available on site at the time of certification meetings.

I also agree that the required documentation will be maintained up to date for the period of the Certification, with ASIAL’s inspector being advised in writing of any such changes.

Onus of applicant. Equipment certificates are valid for a nominal period of two years from the date of issue. An undertaking is given that the applicant will maintain compliance throughout this period. Any changes that may have an impact upon this must be notified to ASIAL within 14 days. ASIAL may withdraw and cancel a certificate should it become aware of any non-compliance during the certification period.

Signature: Date:

ASIAL Fee	ASIAL Member	Non-Member
Initial Certification	<input type="checkbox"/> \$4,950	<input type="checkbox"/> \$7,750
Renewal of Certification <i>(if renewing with equipment currently certified, with inspection work prior to expiry)</i>	<input type="checkbox"/> \$4,750	<input type="checkbox"/> \$7,500

The fee includes GST and is not refundable should certification not be recommended. The fee exclusively covers the issue of ASIAL Certification. All liaison and meetings with respect to examination of the system by ASIAL’s appointed independent engineer will be separately invoiced by that assessor. Associated expenses (such as travel costs) are also invoiced separately.

PayID – Type: ABN PayID: 91000813365

Terms & Conditions

Assessment will be undertaken by an independent assessor as appointed by ASIAL. All certifications are nominally valid for 24 months.

Certificates will be issued on successful completion of the equipment inspection process. A written recommendation will be provided on completion of the inspection.

Any objections to the inspector’s report (a copy of which will be provided to the nominated site contact) should be made in writing to ASIAL within 14 days of the date of the report. The adjudication of such objections shall be by committee as appointed from time to time by ASIAL. Any such objections do not negate the period of validity of the report. Notification of ASIAL certified control equipment may be made public from time to time unless the applicant requests otherwise in writing to ASIAL.
