

BENEFITS OF MEMBERSHIP

ASIAL – your essential business partner

As an ASIAL member, advice and support is always within easy reach to help your business succeed. Please find below some of the many benefits you can access as an ASIAL member.

The peak body for security professionals

Technical and Licensing Support

Through access to expert advice, members can gain help and guidance on a broad range of licensing, regulatory compliance and technical matters.

Industrial Relations Advice

Expert over the phone advice on Industrial Relations including, hiring and dismissal of employees, rates of pay, Enterprise Bargaining Agreements and annually updated Award Rates of Pay Schedules.

Access to Timely News and Information

Stay up to date on industry news, opinion and research through ASIAL's Security Insider magazine, First Alert e-newsletter, member bulletins, member only website content, social media channels and podcasts.

Promoting and Raising Industry Standards

Through development of Industry Codes of Practice and Australian Standards, ASIAL plays a key leadership role in driving industry professionalism.

Representation and Advocacy

Be represented and connect with key influencers to advocate for your industry. Through your involvement with ASIAL you can play a role in enhancing the reputation of the industry and promote the vital contribution it makes to the Australian economy.

Consumer Awareness Campaigns

Through ongoing consumer awareness campaigns, articles in trade publications and media comment, ASIAL promotes a positive image of security industry capability and professionalism.

Recognition by use of the ASIAL Member logo

Full corporate members can use the ASIAL Member logo on their marketing collateral - it's your mark of distinction and a way of standing out from the crowd.

Showcasing Industry Innovation and Capability

For the past 35 years ASIAL has played a lead role in organising the industry's premier exhibition and conference which showcases security industry innovation and capability. Exhibitors who are ASIAL members have access to discounted rates.

Access to practical business templates

Access to business templates, best practice guidelines and alarm monitoring agreement.

Australian Tenders Discount

ASIAL has partnered with Australian Tenders to offer members 25% on yearly subscription.

Industry Briefings and Networking

ASIAL's breakfast briefings held in Adelaide, Brisbane, Canberra, Hobart, Melbourne, Perth and Sydney provide an opportunity for members to network face-to-face and hear important industry updates. Other networking events include the Annual Gala Dinner and Awards for Excellence Dinner.

Celebrating Excellence

ASIAL organises the Premier Awards Program which recognises excellence and achievement in the security industry.

Professional Post Nominal Recognition

The ASIAL Individual Professional Recognition program sets the benchmark for security professionals and to be recognised in the industry. Individuals who meet the entry criteria are eligible to receive the post-nominal credential of either MASIAL, AFASIAL or FASIAL.

Professional Development Opportunities

ASIAL's extensive eLearning course catalogue, webinars, podcasts and annual conference program, provides members with access to a wide range of professional development opportunities.

Workplace, Health and Safety resources

ASIAL's Safe Workplace Management System is a total WHS system tailored to the needs of the security industry and at a cost-effective price.

Industry Certification

ASIAL's certification programs include the highly respected Monitoring Grading Scheme program for alarm monitoring centres which has operated for more than 25 years and the Security Technician Certification program launched in 2012.

Approved Security Industry Association

ASIAL is an approved security industry association under security legislation in the Australian Capital Territory, Queensland and Victoria for security licensing purposes.

Cabling Registry Service

As an accredited registrar under the Australian Communications and Media Authority's Cabling Provider Rules, ASIAL services the needs of over 6,500 registered cabling.

Security 2025 - a roadmap for the future

ASIAL members have access to Security 2025 - a roadmap for the future report. A strategy that plots the path for the future of Security in Australia.

Exhibition Floor Space

Discounts on floor space at the Security Exhibition.
